

Hello!

We are very excited to Kick Off our new idea for the XAC this year; The Mobile XAC. The event will be held in October this year in honor of disability awareness month, and instead of all the teams giving up a Saturday and coming to HSI to race, we will be coming to you. Here are the different ways you and your company can race in the X-treme Ability Challenge this year:

- Host an XAC race course at your place of business
- Schedule an XAC race course to come to your place of business for only your employees
- Come to HSI to race.

Each team signed up will be scheduled to race at a nearby company where you will compete against other teams for the best race time. All teams racing will have their race date, time and location posted on our website at www.hsireno.com so anyone can go and either root for their fellow companies, or more likely, hassle your competition! Race times will be recorded and posted on our website daily.

At the end of the month there will be a **post Mobile XAC celebration**. The **top 10 teams** (the teams with the best time scores) **will race at the event** to win the titles of 1st, 2nd and 3rd place during a delicious **breakfast or dinner**.

This is sure to be a fun event with all the same things you have can come to know and love about HSI's X-treme Ability Challenge and Open House. At each race location there will be fabulous **raffle prizes**, and depending on the time of day, **either fruit and cheese snacks or ice cream** for your employees to enjoy as they watch the races.

Your company may also choose to coordinate the XAC race with a company party or get-together. If you and your company are interested in sponsoring a team, or hosting an XAC race course for this event please contact Laura Dale by either phone or email at 775-829-7400 x129 or laura.dale@hsireno.com.

Please check one of the following options below and return to Laura Dale.

- We are interested in hosting an XAC race course at our place of business
- We would like the XAC race course to come to our place of business for our employees only.
- We would like to come to HSI to race.
